

COMPANY PROFILE

FUTECH PROJECTS (INDIA) PRIVATE LIMITED

..... a multi-disciplinary CONSTRUCTION COMPANY

Turnkey Solutions for

- Fire Alarm systems
- Fire Protection systems
- High Pressure steam (67 ata) system
- Medium and low pressure steam system
- Cooling water system with large dia piping
- Liquid fuels (HFO / LSHS / LDO / HSD etc)
 - Gaseous fuels (LPG / LNG)
 - Compressed air system
 - Water management
 - Industrial gases
 - Effluent

and...

- Shop fabricated tanks / pressure vessels
- Site fabricated large diameter tanks
 - Pre-fabricated steam piping
 - Equipment Erection
 - Structural

2	BACK GROUND...
	Futech Projects (India) Private Limited

Background

Futech made a humble beginning in 1991 by two Graduate Engineers of 1975 batch having rich experience in Design & Engineering and Project Management in one of the most respected multi disciplinary turnkey, contracting companies of India then.

Futech, a private limited company has since then grown to become a respectable consultancy organization in India with a long and impressive list of satisfied clients in India. This list includes many Multi-National Companies operating in India.

After having launched Futech Consultants Pvt Ltd successfully, the promoters have floated “**Futech Projects (India) Pvt Ltd**” in 1993 with a mission to serve the country through the project management route.

From the project management services, the company started taking the contracts on turn key basis... from concept to commissioning....for **Fire & Utilities** and that is how the **FU**tech is made.

It started with small valued contracts but has grown to execute large contracts with reputed clients. The largest contract being executed by Futech as on date is in excess of **Rs 13 crores for Mumbai Monorail**.

It started with one client and could impress many more by its magic of sheer competence, commitment and technical excellence.

Repeat jobs from many clients are the real strengths of Futech.

Strengths

A strong, intelligent and dedicated team of highly qualified and experienced professionals is the asset of the company.

Industries Served

In the past, Futech has provided technical support to the following industries:

- + Automobiles
- + Automobile Ancillaries
- + Breweries
- + Cement
- + Ceramics
- + Chemicals
- + Commercial complexes
- + Drugs & Pharmaceuticals

- + Electronics
- + Foam & polymers
- + Food
- + Foundry & Forging
- + Hospitals, Hotel & Commercial buildings
- + Paper
- + Petroleum
- + Power
- + Steel
- + Textiles
- + Warehouses
- + White goods
- + Wood & plywood

Our Efforts

- To regularly train and expose the team members to the latest changes in technology and industries so that they provide the latest technology in most organized manner to their customers.
- Make best use of Customer's feed back to improve the quality of deliverables.
- Customer friendly attitude with out compromising on quality of deliverables.

3	ABOUT PROMOTERS...
	Futech Projects (India) Private Limited

SOME WORDS ABOUT PROMOTERS

Mr S S AHMAD

A Chemical Engineering Graduate (**1975 batch**) from **IIT, Roorkee** has worked for 15 years in one of the most respectable turnkey contracting companies of India before starting this company in 1991. He himself has enormous experience in designing the systems related to Utilities, Piping, Plumbing, Fire Fighting Systems other than large storage tanks, chimneys, pressure vessels, heat exchangers and other chemical vessels etc as per International and Indian codes.

He keeps himself updated with new technologies by attending short term specialized courses. He has been abroad many a times to keep himself updated on the latest in Fire Detection & Protection technologies.

His experience & qualifications have earned him the following distinctions:

- Chartered Engineer recognized by The Institution of Engineers (India)
- Professional to audit fire fighting systems for insurance companies
- Competent Person recognized by Department of Explosives, Nagpur (India)
- Member of The Institution of Engineers (India)

His ability to design Cost Effective Systems through his wide experience & deep knowledge of the subject is the strongest point.

Mr K L NARSIMHAN

A Chemical Engineering Graduate (**1975 batch**) is enriched by vast experience he has acquired during last 30 years working in one of the largest turnkey contracting companies of India for 15 years and next 15 years in this company in the field of project management of contracts related to **Utilities, Piping, Fire Fighting Systems, Tanks, Chimneys** etc.

He has acquired deep knowledge of Fire Fighting Systems by taking training abroad in countries like USA, Canada, Switzerland, UK, Norway etc.

He has been recognized as “Competent Person” for Rules 126 & 130 by Department of Explosives, Nagpur keeping in view his experience in handling of petroleum products.

His Systematic & Positive approach towards the Project ensures timely completion of the project & Satisfaction to all concerned.

BRIEF BIO DATA OF Mr S S AHMAD

Date of Birth : 10.11.1955
Qualification : B.E.(Chemical)
Year of Graduation : 1975
University : IIT, ROORKEE

EXPERIENCE : 35 Years

From 1975 to 1977 Worked for **SBP Consultants Pvt Ltd, New Delhi**

From 1977 to 1991 Worked with **Technofab Engineering Ltd, New Delhi**, one of the leading contracting organization executing Turnkey Projects in the country for utility piping, Fire Detection & Protection Systems, Tanks & Pressure vessels, Chemical equipment etc. in their DESIGN DEPARTMENT. Last position held in this organization was Asst. **General Manager (Design & Engg)**.

From 1991 till date

Promoted following companies:

Futech Consultants Pvt Ltd	in 1991
Futech Projects (India) Pvt Ltd	in 1993
Allied Energy Systems Pvt Ltd	in 2004
Firecon Services	in 2003
Altech Infrastructures India Pvt Ltd	in 2007

Specialization

Experience in Design & Engineering of following systems and products:

- φ Fire Detection & Protection Systems
- φ Fuel oils (such as Furnace oils, Light diesel oils, High speed diesel, Low sulphur Heavy stock (LSHS), Carbon Black feed stock (CBFS), Heavy Petroleum stock (HPS), Pitch creosote mixture (PCM), Lube oil) unloading, storage & Handling systems.
- φ Boiler & steam distribution system.
- φ Compressors and compressed & Instrument Air distribution.
- φ Condensate piping.
- φ DM Water piping.
- φ Raw water, Cooling water, Service water, Drinking water, Pumping & distribution system.
- φ Ash disposal systems.
- φ Oxygen & Nitrogen distribution systems.
- φ Plant illumination system.
- φ Earthing & lighting Protection system.
- φ Conveyor cleaning systems.
- φ Bulk flow aid devices system.
- φ Instrumentation and electrical.
- φ Large dia cylindrical, vertical, non pressure tanks with FIXED CONE ROOF & FLOATING ROOF as per API 650/ IS: 803
- φ Pressure vessels as per ASME VIII / IS: 2825.
- φ Rectangular tanks
- φ Heat Exchangers as per TEMA
- φ Basket type filters
- φ Air Cannons
- φ CO₂ absorbers, moisture separators etc.
- φ Chemical equipment.

SYSTEMS DESIGNED & ENGINEERED (Between year 1977 -1991)

S No	Plant / Project	Capacity	Fire fighting system	Fuel oil system	Utility piping
1. Power					
1	NTPC, Ramagundam	2 x 500 mw	Fire fighting system	Fuel oil system	
2	NTPC, Dadri	2 x 500 mw	Fire fighting system	Fuel oil system	
3	NTPC, Dadri	Gas Project			LP Piping
4	NTPC, Korba		Fire fighting system		
5	NTPC, Balco			Fuel oil system	LP Piping
6	NTPC, Agra	Sub station	Fire fighting system		
7	NTPC, Farakka	2 x 500 mw			LP Piping
8	NTPC, Singaraulli	2 x 500 mw			LP Piping
9	PSEB, Ropar				LP Piping
10	MSEB, Chandrapur	2 x 210 mw	Fire fighting system	Fuel oil system	LP Piping
11	MSEB, Bhusawal	2 x 210 mw	Fire fighting system	Fuel oil system	
12	MSEB, Parli	1 x 210 mw	Fire fighting system	Fuel oil system	
13	MSEB, Koradi		Fire fighting system		
14	MSEB, Nasik		Fire fighting system		
15	TVNL, Tenughat	2 x 210 mw	Fire fighting system		
16	Karnataka Power Corp Ltd, Raichur				LP Piping
17	BHEL, Jalkheri				LP Piping
18	DESU, Rajghat (BHEL)				LP Piping
19	BSEB, Patratu		Fire fighting system		
20	RSEB, Kota	2 x 210 mw	Fire fighting system		
21	NALCO, Angul	CPP		Fuel oil system	Steam
22	Gujarat Ind. Power Corp	Comb cycle	Fire fighting system		LP Piping
23	Neyveli Lignite Corpn	2 x 110 mw	Fire fighting system		LP piping
24	Ahmedabad Elec Co Ltd				Utilities
2. Fertilizers					
1	NFL, Nangal	Urea Expn	Fire fighting system	Naphtha syst.	
2	NFL, Vijaypur		Fire fighting system		
3	PNFC, Nangal		Fire fighting system		LP Piping
4	IFFCO, Phulpur				Tanks
3. Petroleum					
1	BPCL, Bijwasan	POL depot	Fire fighting system		
2	Assam Oil	Assam	Fire fighting system		
4. Mineral & metals					
1	Indian Rare Earths, Ch'pur			Fuel oil system	Steam
2	KMML, Quilon			Fuel oil system	
3	Hindustan Copper Ltd			Naphtha syst.	
4	Bhilai Steel Plant			Fuel oil system	Steam
5	Bhilai Refractories Project			Fuel oil system	Steam
6	Durgapur Steel Plant			PCM system	
7	Rourkela Steel Plant				Utilities
8	Vizag Steel Plant				Utilities
9	Mishra Dhatu Nigam				Utilities
5. Miscellaneous					
1	Field Gun Factory, Kanpur			Fuel oil system	Steam
2	CACIL, Cochin			Fuel oil system	Steam
3	HEG Ltd, Bhopal			Fuel oil system	

4	SCC Ltd, Mancheryal				Piping
5	Nagaland Pulp & Paper Ltd			Fuel oil system	
6	Sarvodaya Paper Mills				Steam
7	IDPL, Gurgaon				Utilities

Interaction With Consultants

Interacted with almost all the leading consultants of the country. Have worked on many JOINT VENTURE projects with Multi Nationals.

Interaction With Statutory Bodies

Enjoy very good rapport with Tariff Advisory Committee, Loss Prevention Association, Department of Explosives, Chief Inspector of Boilers etc

Training Abroad

Was sponsored by Technofab to have on the job training for Designing of Fire Detection & Protection systems & Air Cannon, Conveyor Cleaning systems during 1984 -86 and had undergone exhaustive training at

VIKING Corpn., USA	Deluge systems
FIRETEK, Canada & USA	Fire alarm system
MARTIN Engineering Co, USA	Conveyor Belt cleaning systems and Air Cannon

Short Term Refresher Courses

Attended many refresher courses to keep himself updated on latest on technologies.

Memberships

1. Institute of Engineers & Chartered Engineer
2. Institute of Plant Engineers
3. Bureau of Indian Standards
4. Competent Person recognized by Department of Explosives
5. Professional agency to undertake inspection of fir installations on behalf of insurance companies

BRIEF BIO DATA OF Mr K L NARSIMHAN

Date of Birth : 1st January 1953
Qualification : B. TECH (Chemical)
Year of Graduation : 1975
University : Madras University

EXPERIENCE : 35 Years

From 1975 to 1977 Worked for **DCM Chemical Works** in their R&D department

From 1977 to 1991 Worked with **TECHNOFAB ENGINEERING LTD, NEW DELHI**, one of the leading contracting organization executing Turnkey Projects in the country for utility piping, Fire Detection & Protection Systems, Tanks & Pressure vessels, Chemical equipments etc. in various capacities. Last position held in this organization was Asst. **Gen. Manager (Projects)**.

From 1991 till date **Promoted following companies:**

Futech Consultants Pvt Ltd	in 1991
Futech Projects (India) Pvt Ltd	in 1993
Allied Energy Systems Pvt Ltd	in 2004
Firecon Services	in 2003
Altech Infrastructures India Pvt Ltd	in 2007

Specialization

- * PROJECT MANAGEMENT
- * SITE MANAGEMENT

Projects Managed As Project Manager (Between years 1977 - 1991)

S N o	Client	System & Project
1	BPCL, Bijwasan	Fire fighting system for POL depot
2	HPCL, Bombay	HPS conversion system for Panipat TPS
3	BSEB, Patna	Fire fighting system for PATRATU TPS (2x 110 mw)
4	NFL, New Delhi	Fire fighting system for their fertilizer plant at Vijaipur
5	BHEL, New Delhi	Low pressure piping for RAJGHAT TPS, New Delhi
6	BHEL, New Delhi	Fire fighting system for TENUGHAT TPS (2x210 mw)
7	BHEL, New Delhi	LP piping & tanks for MALTA (an export job)
8	RSEB, Jaipur	Fire fighting system for KOTA TPS (2 x 210 mw)
9	NTPC, New Delhi	Fire fighting system for DADRI TPS (2 x 500 mw)
10	Siemens Ltd, Bombay	Utilities & Piping for CCPP, Dadri Gas Project
11	Singareni Collieries Co Ltd	Process & Utility Piping for Coal Chemical Complex
12	Rourkela Steel Plant	Yard Pipe work for their Silicon steel project

Interaction With Consultants

- Engineers India Limited, New Delhi
- Engineering Projects (India) Ltd, New Delhi
- M.N. Dasturs & Co., Calcutta
- Dalal Consultants, New Delhi
- Desein, New Delhi
- PDIL, New Delhi
- Tata Consulting Engineers, Bombay, Bangalore
- NTPC, New Delhi

- BHEL, New Delhi
- MECON, Ranchi

Interaction with Statutory Bodies

- Calcutta Regional Committee of Tariff Advisory Committee
- Delhi Regional Committee
- Bombay Regional Committee
- Madras Regional Committee
- Chief Inspector of Boilers, U.P., Haryana, Orissa, Andhra Pradesh, Punjab etc.
- Department of Explosives, Nagpur

Training Abroad

Was sponsored by Technofab to have on the job training for Designing of Fire Detection & Protection systems & Air Cannon, Conveyor Cleaning systems during 1984 -86 and had undergone exhaustive training at

Viking Corporation, USA	High & medium velocity spray systems
SIMPLEX Time Recorder Company, USA	Microprocessor based Fire alarm systems
HEIN LARSEN, Norway	Halon gas based systems
CERBEROUS PYROTRONICS, Canada	Fire alarm system
MARTIN Engineering Co, USA	Conveyor Belt cleaning systems and Air Cannons

4	ABOUT FUTECH GROUP...
	Futech Projects (India) Private Limited

ABOUT FUTECH GROUP

From a humble beginning in 1991, when a partnership firm was floated by two experienced technocrats to provide engineering support to various consultants and EPC contractors, the two men organization has grown into a group of five companies.

1. Futech Consultants Private Limited

Started as partnership firm in 1991 and progressed to Private Limited Company in 1994. It continues to provide consultancy and detailed engineering support to Owners, Consultants and EPC Contractors in almost all type of industries including commercial establishments.

More than 500 such assignments have been completed to the entire satisfaction of the clients.

2. Futech Projects (India) Private Limited

Started as Private Limited Company in 1993. It provides turnkey solutions to the industries in field for firefighting systems, utilities, piping, material handling etc for all type of industries and establishments.

More than 250 packages executed on turnkey basis so far. Repeat orders from same customer for same or other projects are the strongest point.

3. Allied Energy Systems Private Limited

Started in 2004 as private Limited company in technical collaboration with Sterling De-aerator Co., USA to market the Sterling's De-aerators in India and service them. Manufacturing of these de-aerators and related equipment are manufactured at Altech Infrastructure (India) Pvt Ltd, a group company.

4. Firecon Services

A partnership company in existence since 2003 is engaged in maintenance of fire alarm and fire fighting systems.

5. Altech Infrastructure (India) Pvt Ltd

A new company is floated by the Directors of the group to set up a State of Art workshop with 'U' stamp certification (in process) within National Capital Region of India (about 70 km from Delhi)

Product mix includes de-aerator, feed water tanks, LP / HP heaters, condensers, pressure vessels etc. Companies from USA have already agreed to offload the fabrication of vessels for their projects in Asia, Africa and Australia.

6. Sureland Fire & Security India Pvt Ltd

A joint venture with China Fire & Security Group, Inc (Largest Chinese company in the field of Fire and Security services), listed in NASDAQ was made in 2008 with a view of tapping fire fighting systems for large power plants, steel and petrochemical projects.

Group financial highlights

Target turnover by March 2011 Rs 1000 million

Target turnover by March 2013 Rs 1500 million

VISION FOR THE GROUP COMPANIES

1. To achieve the turnovers set for each company.
2. Each company should build its own credentials and perhaps the best in the industry.
3. Futech Consultants Private Limited, Futech Projects (India) Pvt Ltd & Allied Energy Systems Private Limited are known countrywide for their quality, knowledge and professionalism.
4. To build a team of highly qualified, experienced and satisfied professionals.
5. Quality of workmanship, safety in operation and professionalism high on agenda of each company.

5	ABOUT FUTECH'S STRENGTHS...
	Futech Projects (India) Private Limited

- ESTABLISHED IN 1993 WITH A FOCUS TO EXECUTE MECHANICAL TURNKEY PROJECTS
- TEAM COMPRISES OF ABOUT 140 DEDICATED MEMBERS
- QUALITY CONSCIOUS APPROACH TOWARDS EXECUTION OF PROJECTS
- PROFESSIONAL ATTITUDE
- TIMELY COMPLETION OF PROJECTS
- REPEAT ORDERS FROM MANY CLIENTS
- **MANY SATISFIED MULTINATIONAL COMPANIES**

6	OUR SPECIALIZATION ...
	Futech Projects (India) Private Limited

.....a multi disciplinary specialization

- 1. Fire detection and alarm systems**
....Addressable and conventional systems. Futech is Channel partner of NOTIFIER.
- 2. Fire fighting systems**
.... Hydrant, sprinkler, spray, foam, gas flooding systems
- 3. High pressure steam**
....have executed steam piping up to 67 ata working pressure
- 4. Medium & low pressure steam**
....IBR / non IBR steam piping
- 5. Fuel oil system**
....Motor Spirit, Naphtha, HSD, SKO, FO, HFO, LSHS, CBFS, HPS etc
- 6. Thermic fluid heating system**
- 7. Storage tanks (Fixed roof / floating roof)**
- 8. Chimneys**
- 9. Gaseous fuel storage & handling system**
....LPG, LNG, Propane etc
- 10. Industrial gases**
....Argon, Oxygen, Hydrogen, Nitrogen etc
- 11. Compressed air system**
- 12. Vacuum system**
- 13. Water management**
....Raw, Soft, Dei-mineralized, Cooling, Chilled, RO water etc
- 14. Effluent treatment plants**
- 15. Equipment erection**
....Packaged boilers, Compressors, Thermic fluid heaters, Hot water Generators, Cooling Towers,
Reactors, Heat Exchangers, Condensers, Centrifuges, DG sets, Pumps, Motors etc

16. Offsite & Process piping

- IBR piping
- Mild Steel Piping (including large diameter piping)
- Stainless Steel Piping
- Food Grade SS Piping
- Alloy Steel Piping
- Galvanized Piping
- Cast Iron Piping
- PVC & HDPE Piping
- Insulation

17. FEA Approvals & Fire Audits

7	STATUTORY APPROVALS...
	Futech Projects (India) Private Limited

STATUTORY APPROVALS

Since we have been in this field for past **33 years**, we are well aware of the statutory requirements of:

- **Indian Boiler Regulations**
- **The Petroleum Rules**
- **Tariff Advisory Committee's Rules**
- **NFPA rules**
- **FOC rules**
- **National Building Code**

Futech, in the past have got many systems approved by above Statutory Bodies and . We have a very good rapport with the offices of :

- Directorate of Boilers
- Chief Controller of Explosives
- Tariff Advisory Committee
- Chief Fire Officers
- Loss Prevention Association

It may not be out of place to mention that keeping in view our experience of above 33 years in fuel oil systems, the Chief Controller of Explosives, Nagpur has recognized Mr S S Ahmad & Mr K L Narsimhan as **Competent Persons** for Rule nos 126 & 130 of the Petroleum Rules.

PROFESSIONAL AGENCY FOR FIRE FIGHTING INSTALLATIONS

We have been empanelled by following insurance companies to approve the drawings for firefighting systems, undertake the inspection of fire fighting facilities and approve the installations for **discount on insurance premiums**:

2. The Oriental Insurance Company Limited
3. New India Assurance Company Limited
4. United Assurance Company Limited
5. Iffco-Tokio General Insurance Company Limited
6. Reliance General Insurance Company Limited
7. Tata AIG General Insurance Company Limited
8. ICICI Lombard General Insurance Company Limited
9. Cholamandalam General Insurance Company Ltd
10. Bajaj Allianz General Insurance Company Ltd

Professional Agency is required to perform following activities related to fire fighting systems:

1. Approval of drawings
2. Inspection of installations
3. Recommend the discount on Insurance premiums

Above activities were being performed by Tariff Advisory Committee and later by Loss Prevention Association, both subsidiary of IRDA (Insurance Regulatory and Development Authority).

8	INFRASTRUCTURE & FACILITIES ...
	Futech Projects (India) Private Limited

Other than a modern office outfit equipped with latest personal computers (40 nos), A0 size colour plotting machine, photocopy, blue print machine, best means for communication, our office is equipped with

▪ **Library Facilities**

Our “In House” Library has fairly decent collection of relevant:

- NFPA codes
- FOC rules
- Bureau of Indian Standards
- Government Regulations
- ANSI, ASTM, API, AWWA, NFPA Codes
- British Standards
- Oil Industries Safety Directorates (OISD)
- Books
- Periodicals

We are also member of BIS Library, American Library & have access to other prominent libraries

▪ **Test Facilities**

We have following In-house test facilities for:

- Hydro test of pipe lines & tanks
- Vacuum box testing of tank roof & bottoms
- Spark testing for continuity of wrapping & coating
- DP Test
- Pneumatic testing of pipe lines

We have tie ups with Delhi based firms for the followings tests facilities on case to case basis:

- Radiography
- Stress relieving
- Ultra sonic tests
- Physical & Chemical test of materials

9	SOFTWARES ...
	Futech Projects (India) Private Limited

We keep adding to the following softwares:

S No	FOR	NAME OF THE SOFTWARE
1	Flexibility analysis	CEASER – II
2	Flexibility analysis	CAEPIPE
3	Hydraulic calculations for pipe sizing and pressure drop	PIPENET
4	Pipe sizing	Custom design
5	Pipe thickness calculations	Custom design
6	Pipe thickness calculations as per IBR	Custom design
7	Header thickness calculations as per IBR	Custom design
8	Insulation thickness calculations	Custom design
9	Chimney design	Custom design
10	Drawing	Licensed Auto CAD 2007
11	Accounts	Tally
12	Project management	MS Project

10	PROJECTS COMPLETED...
